

SCHOOL ADOPTION REPORT
DEPARTMENT OF HISTORY
MARIANI COLLEGE

15/12/2022

It is a great pleasure to have the opportunity to associate ourselves with the programme of ‘Adoption of Schools’ initiated by the Principal, Mariani College. As per the instruction of Co-Ordinator, I.Q.A.C., Mariani College, the faculties of Department of History went to Garmur Lower Primary School, Nagajanka on 09/12/2022 with a proposal letter for adoption. Mrs. Anu Dutta, Head Mistress of this school accepted this proposal. An interactive session with the school teachers and the students was held. The school is running in a healthy environment in the midst of greenery, proper drinking water facility, playground, toilet facilities etc.

There are 30 students and 2 teachers. Also there is a Pre-primary (Anganvadi) school in the same campus.

As an effort to make us familiar with them, we have distributed art papers and pencils among the students and encouraged them to draw anything according to their choice. In the next visit to the school, we will collect the drawings and the best one will be displayed in our Department.

In due course, we will try to co-operate with the school to boost the academic as well as extra-curricular qualities of the students. We hope that this adoption will bridge between school and higher educational institutions very effectively.
